

## DECLARATION OF CONFORMITY VZ-115

**Product name and type:**  
Tune-AHU

**Producer:**

**Company name:** IMOS-Systemair, a. s.

**Address:** Hlavná 371, Kalinkovo

**Company Id. Number:** 00683868

**Address of production:** Kalinkovo

**Product description and determination:**

The TUNE-AHU, rectangular multi - blade dampers are mainly intended as a part of air handling units and fan systems to cover the air flow tuning and tight shut-off functionalities. The dampers can be used in indoor and outdoor climate conditions installed on the body of a fan or in the rectangular duct. They are equipped by electric actuator with spring return to closed position in case of electric power interruption. Manual operation/adjustment is also possible. They can operate in both directions of air flow. The air tightness of the dampers is classified as C4 according to the standard EN 1751 in pressure range up to 1000 Pa which is the maximum recommended duct pressure for this product. The operation temperature range is -20°C ... 100°C in duct, 50°C on actuator.

**Technical specification:**

DataSheet\_TUNE-AHU

**Used standards:**

STN EN 1751, STN EN 12589, STN EN 13182

The producer announce in accordance with law of constructional products, that  
**product is in conformity**  
with stated technical and law instructions. This declaration of conformity is published by the producer on his  
own responsibility.
